FCCLA held their Family Fitness Night on March 9th. The after school dance line performed at the beginning of the evening to start of the activities. Information was provided on being fit, eating right, and making healthy choices.

Student Fans

If students are going to stand, they must stand IN the bleachers, on the floor of the bleachers – not the seats. They should stand in the last one or two sections on the far west end of the permanent bleacher seating, and/or they can stand on the portable bleachers on the far west end. If both teams' students want to be on the far end, the visiting team's students will have the half of the bleachers by their bench (north side), and the home team's students will have the half by the home team seating (south end).

You will be receiving your child's portrait package this week. Please select the portraits you wish to keep and return your payment along with any non-purchased portrait sheets to school by Monday, March 22nd.

Family Lunch Accounts

Family lunch accounts should maintain a positive balance, per school board policy. If your family lunch account shows a negative balance, you must remit payment to bring the account current. Your family lunch account includes charges for your elementary student(s) for milk they have at snack time. If you have any questions on your family lunch account, including how to access the balance information from the school's website, please contact Monica.
