**New at RTR this year is
 The TumbleBookLibrary.**

TumbleBookLibrary is an online collection of TumbleBooks - animated, talking picture books which teach kids the joy of reading in a format they'll love. TumbleBooks are created by adding animation, sound, music and narration to existing picture books in order to produce an electronic picture book which you can read, or have read to you. Many of the teachers are using this program in their classrooms and their students love it. Students are able to use this program, for free, anywhere they have internet access by clicking the link on the RTR Elementary website.
