CAMP TRACK CHOICES

Choose **two** of the following tracks.

You Be the Judge!

Rabbit, swine, beef, sheep—what do these have in common? They’re all 4-H projects and YOU get to be the judge! We’ll explore these projects and more with a mock judging contest to learn what makes one better than the other.

Fold It—Fly It!

Do you think your paper airplane skills have the stuff to be a pro? Well fasten your seat belts and come learn about what makes a plane fly. You’ll learn about the importance of aerodynamics (lift, drag, weight and thrust). You’ll even test which type of airplane will be able to fly the best by making them!

Acting It Out in Theatre Arts

Are you interested in theatre or performing? Join us as we explore how a theatre scene comes to life by developing skills in voice and movement, creating characters through partner work, and using props to further a character’s story.

Let’s Take it Outside

In this session, we’ll explore ecosystems and wildlife and learn how to be a good steward of our environmental resources. Nature is all around us, so let’s get out and explore!

Campfire Cooking the 4-H Way

Explore techniques for safely cooking outdoors. Learn creative recipes to share on your next outdoor adventure.

4-H Camp Experiences

4-H staff and trained high school youth counselors provide leadership for the camp activities. We build positive learning experiences based upon research, leading to a high quality youth program.

Campers who are not currently 4-H members will need to enroll as members at least one week prior to camp. An e-mail will be sent to the address on the registration form with instructions on how to enroll.
